Already counting down to the next one. See you in July!

### DISTINGUISHED GENTLEMAN'S RIDE | A Look Back at Sunday, May 17, 2026 |

We've had the pleasure of hosting the Dallas Gentleman's Ride for eight years. Nothing brings us more pride than supporting riders from around the world to raise funds and awareness for prostate cancer research and men's mental health.

Dallas showed up in style and with a heart for a higher purpose. Words of gratitude aren't enough, but we thank you. See you next year!

## MUSINGS FROM... THE DIRECTOR

MUS-ING  
/myoozing/  
noun: a period of reflection or thought

*"I've often said that whoever invented life twisted the knob of difficulty one or two clicks too tight..."*

When Bobby wrote these words for the Distinguished Gentleman's Ride 10-year anniversary book, he wasn't speaking only about motorcycles or even men's health. He was speaking about the human experience — the quiet struggles that so many people carry beneath the surface.

What always struck me most about Bobby was not just his passion for causes like DGR, but the depth of empathy behind that passion. He genuinely cared about people. He believed in creating spaces where connection mattered, where stories could be shared openly, and where no one felt entirely alone in what they were facing.

The Distinguished Gentleman's Ride represented so much of what he valued in life: community, craftsmanship, purpose, and compassion woven together in a meaningful way. Beneath the polished motorcycles and beautifully tailored jackets is something far more important — a reminder that strength is often found in showing up for one another.

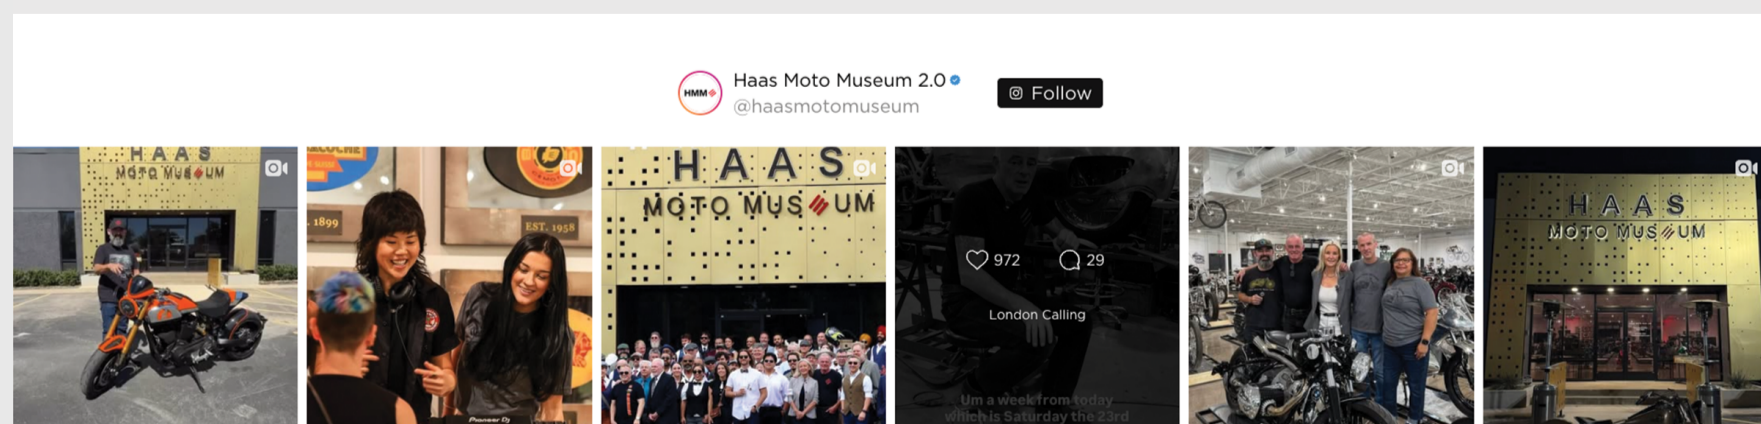

As we gathered once again for our eighth year hosting the ride, I was reminded that Bobby's spirit continues to live on not only within these museum walls, but through the people and causes that continue to bring us together with heart and purpose.
